I spoke with Huntington about receiving credit/debit card payments. They have an option for us to have a device for present and non-present cards that they charge the customer directly for (3%-3.5%). Monthly cost is \$11.95 and Annual fee \$100.00. We can purchase or rent a machine. Machine purchase ranges from \$150-\$800, he gave me a few examples:

Ingenico Lane/3600: Purchase \$450 or Rent \$20/month

Clover Mini: Purchase \$699 or Rent \$30/month

Council had questions before a decision can be made regarding a credit card terminal.

Fraud Risk Assessment questionnaire from the auditors need turned in by mid-week next week please.
